

OPTIMUM CARE PLAN

The Optimum Care Plan is designed for patients who want the best dental care at an affordable price. It's for patients who want proactive and comprehensive dental care, and to have the peace of mind that their preventive dental care is covered.

Research shows that preventive dentistry delivered on a regular basis greatly reduces the risk of dental disease and plays a fundamental role in enjoying a lifetime of improved oral health. The Optimum Care Plan enables you to plan your dental care more effectively and affordably.

Early identification of dental problems to prevent pain, discomfort and inconvenience.

It provides access to affordably priced dental health care, while still receiving the best care possible from the dentist they want to see.
